What's Up with Kaltura?

Kaltura is a web-based screen-recording application. OSU owns a site license to it, which means that all students and staff can use it for free. We will use it so that you can show off your great project without you and I having to be sitting together.

You don't need to use this video as a way to explain your report. I will read the report to get that information. Use this video as a way to show what it looks like when it runs. Show off all the required features. Show off anything you have done that is extra and cool.

If you have a microphone, use it! It is easier for me to figure out what your features do if you are telling me.

To finish grading each project, I will watch a lot of these videos. Have mercy on me and keep your video short. Show me all your different program features, but once you have demonstrated a feature, move on to the next one. Do the math – M minutes per video times P people in the class, gives ...

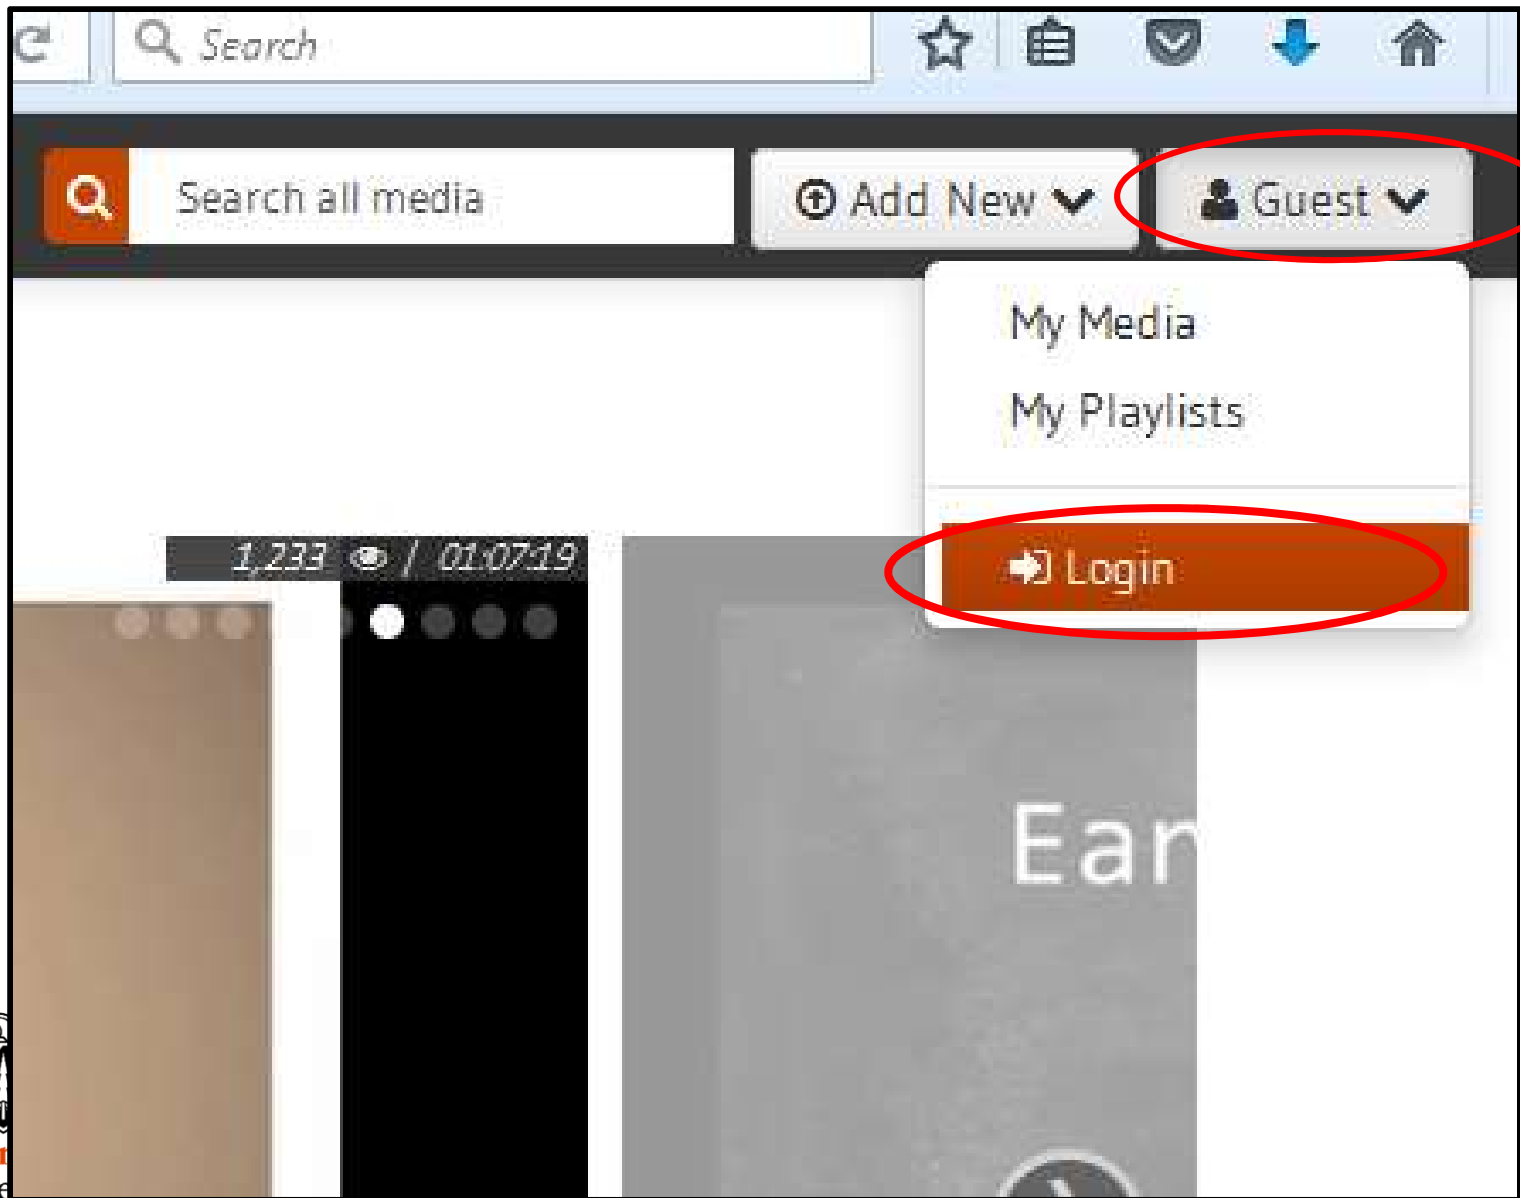

Go to:

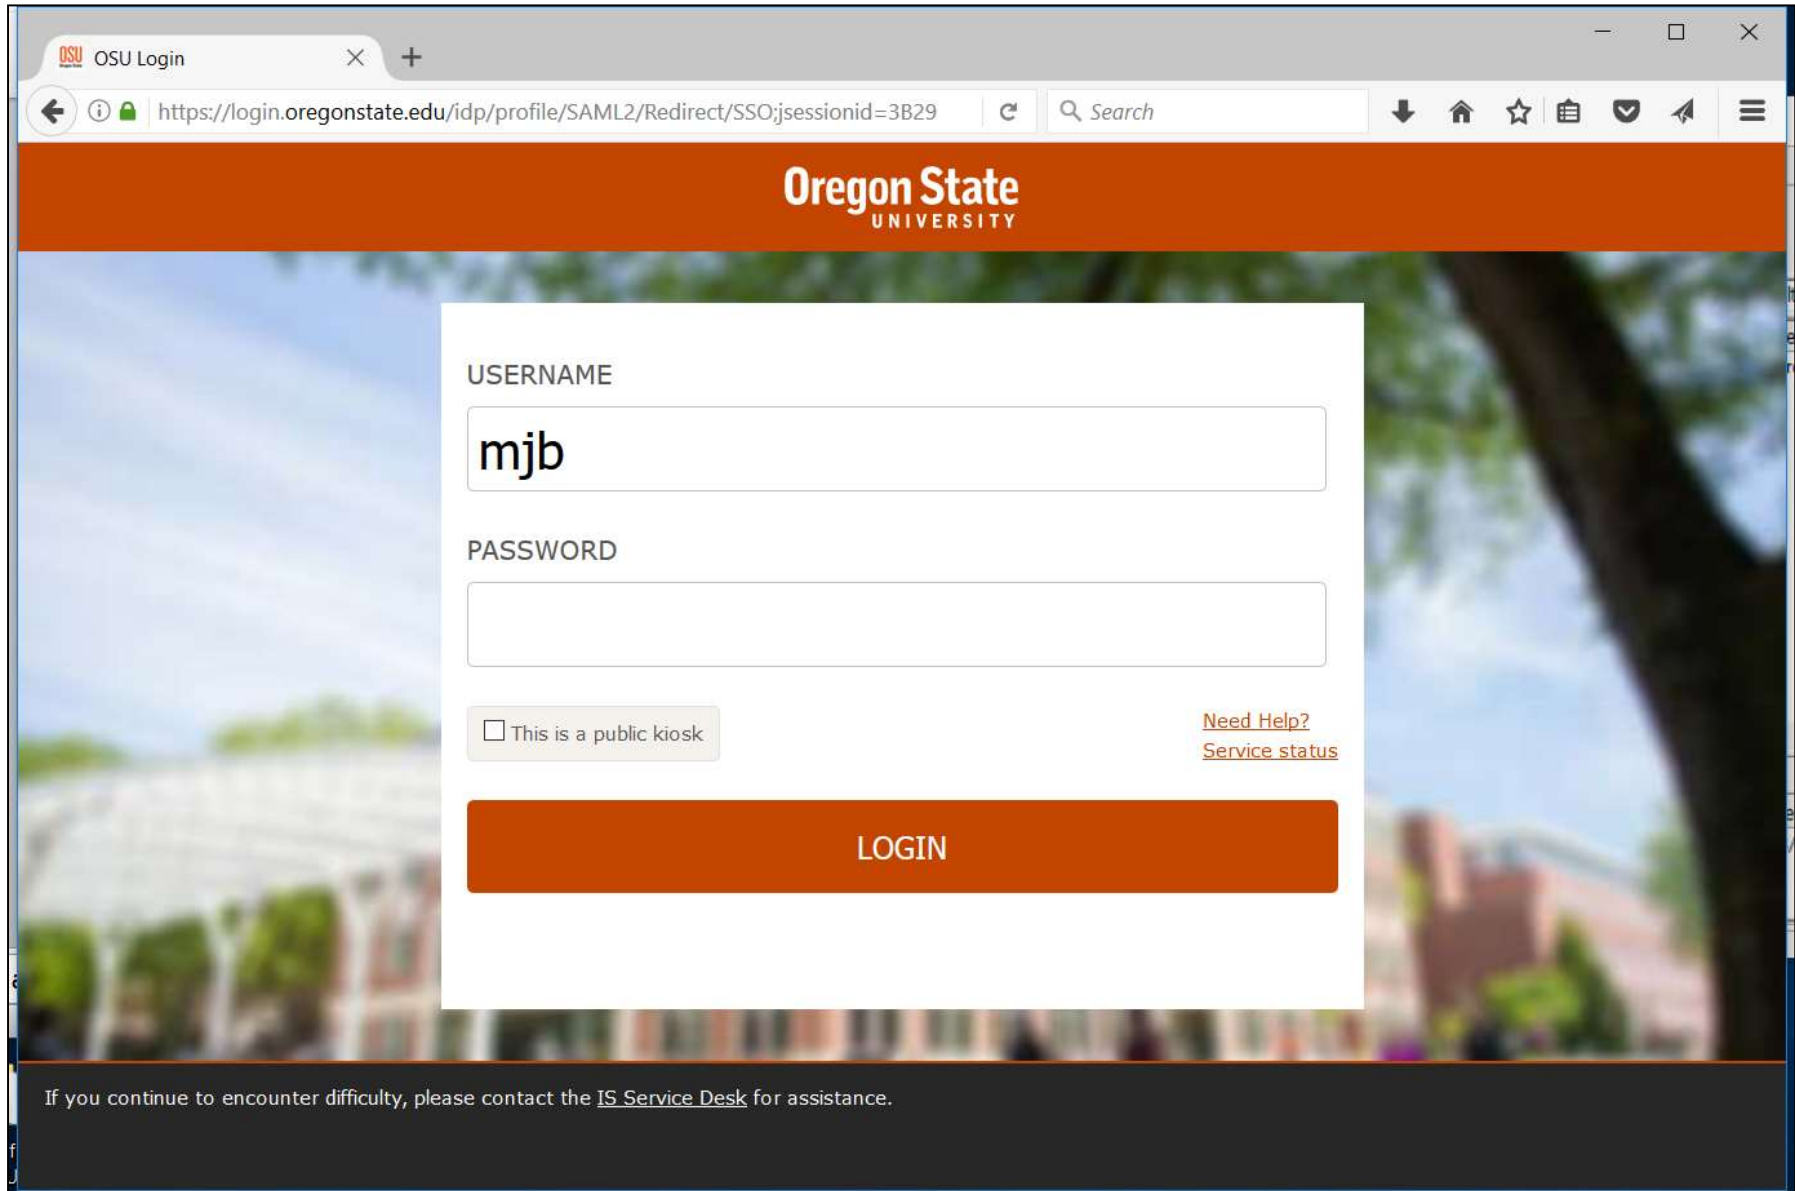

<http://media.oregonstate.edu>

The screenshot shows the Oregon State University Media website interface. At the top, there is a navigation bar with the OSU logo, a 'Help' dropdown, a search bar, and buttons for 'Add New' and 'Guest'. The main content area features a large video player with a video titled 'Benton County Master Gardeners Insights into Gardening'. The video thumbnail shows two people gardening in a field with a 'LOVE PLANTS' sign and a 'BENTON COUNTY MASTER GARDENER' logo. Below the video player is a section titled 'Multimedia Tips and Tricks' which contains a grid of 10 video thumbnails. Each thumbnail includes a clapperboard icon, a title, and a duration. The thumbnails are: 'Video and Audio Effects' (05:54), 'Exporting your Final Cut Pro X 10.1 -- How to Export' (01:21), 'Adding Titles Final Cut Pro X 10.1 -- Adding Titles and' (01:17), 'Understanding and Final Cut Pro X 10.1 -- Understanding and' (02:30), 'Editing Footage and Transitions.mov' (02:08), 'Importing Media Final Cut Pro X 10.1 -- Importing Footage' (02:18), 'Managing Project Final Cut Pro X 10.1 -- Managing Project' (01:42), 'Opening and Final Cut Pro X 10.1 -- Starting a' (03:10), and 'iMovie 10: How and Where to Export.mov' (02:00). At the bottom of the page, there is a section titled 'OSU Computer Helpdesk Tips and Tricks'.

Ask to add a new recording using the Recording Tools

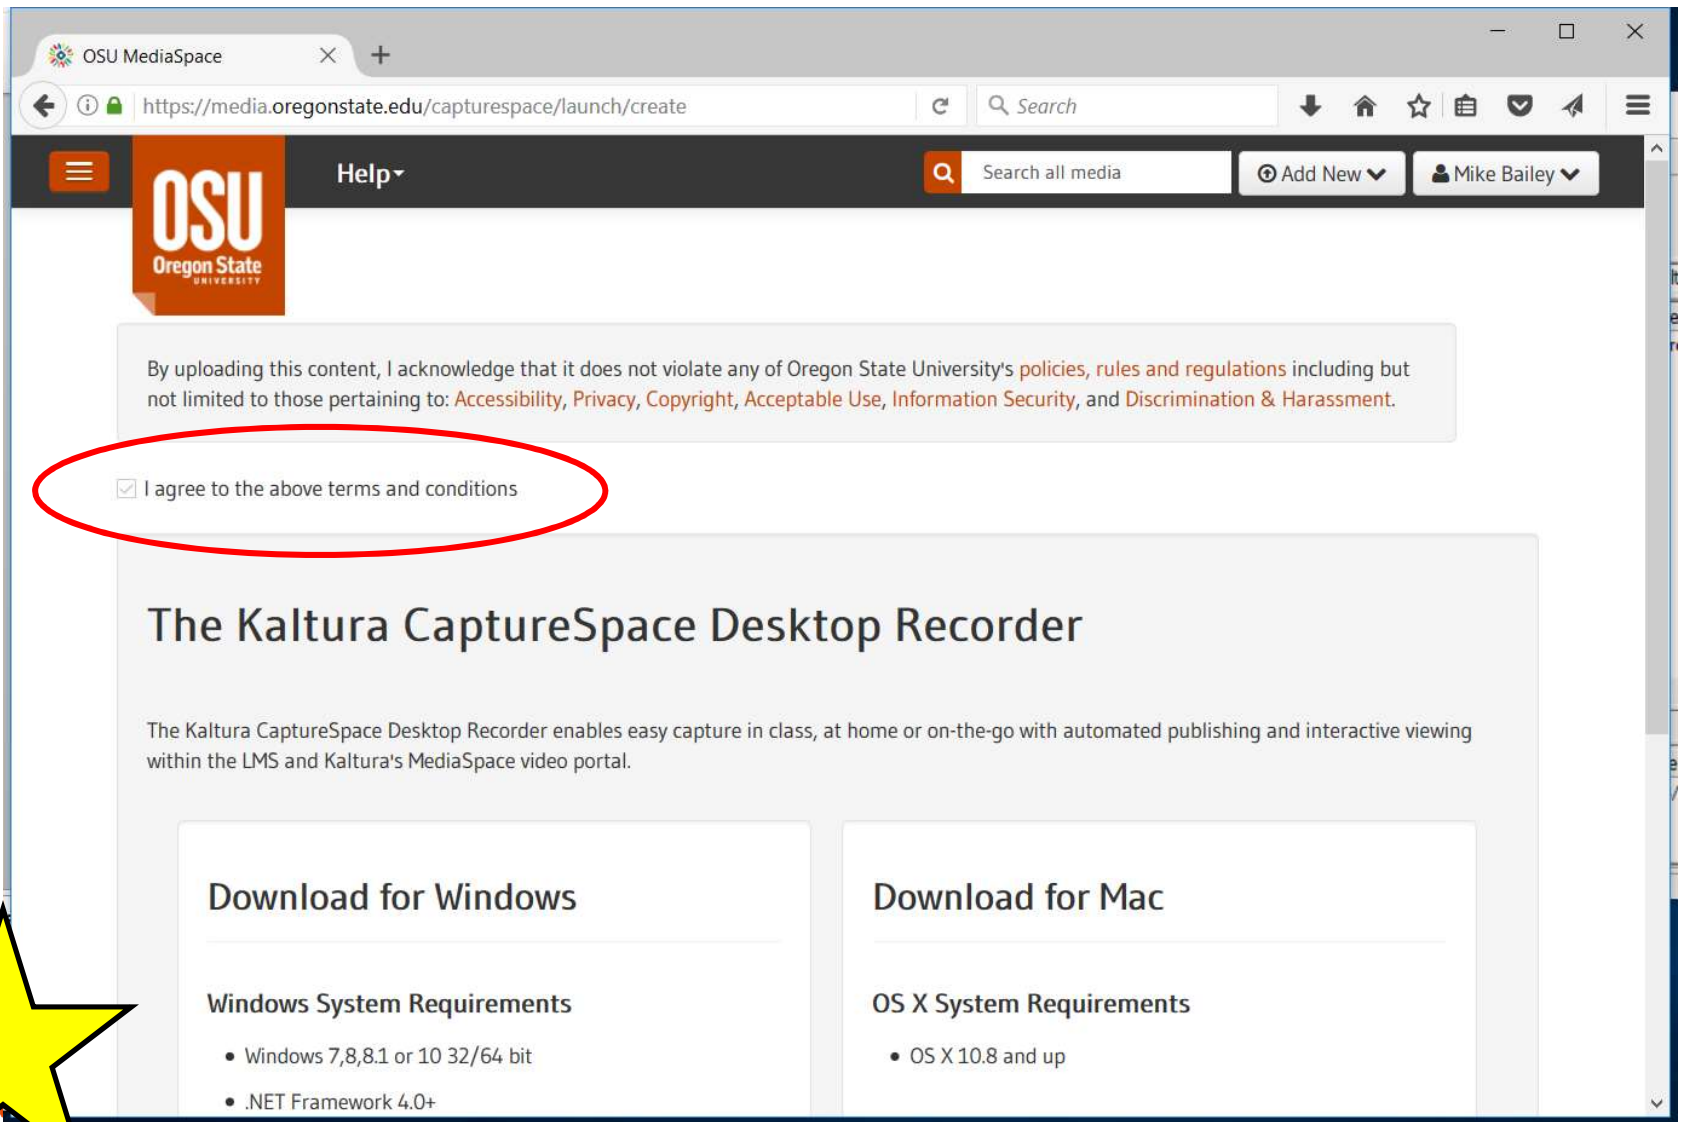

If you've never done this before, a plug-in will need to be installed first. The slides marked with the yellow star show this process. If you have done this before, you can skip around the yellow-star slides.

Resistance is futile

Resistance is futile

The screenshot shows a web browser window with the URL <https://media.oregonstate.edu/capturespace/launch/create>. The page features the OSU logo and a navigation bar with a search bar and user profile for Mike Bailey. A prominent text block contains a disclaimer: "By uploading this content, I acknowledge that it does not violate any of Oregon State University's policies, rules and regulations including but not limited to those pertaining to: Accessibility, Privacy, Copyright, Acceptable Use, Information Security, and Discrimination & Harassment." Below this, a checkbox labeled "I agree to the above terms and conditions" is checked and circled in red. The main content area is titled "The Kaltura CaptureSpace Desktop Recorder" and includes a description: "The Kaltura CaptureSpace Desktop Recorder enables easy capture in class, at home or on-the-go with automated publishing and interactive viewing within the LMS and Kaltura's MediaSpace video portal." Two columns provide download instructions: "Download for Windows" and "Download for Mac".

I like to just save it on the Desktop so I can easily find it later

Here's what it looks like on the Desktop.
Double-click it.

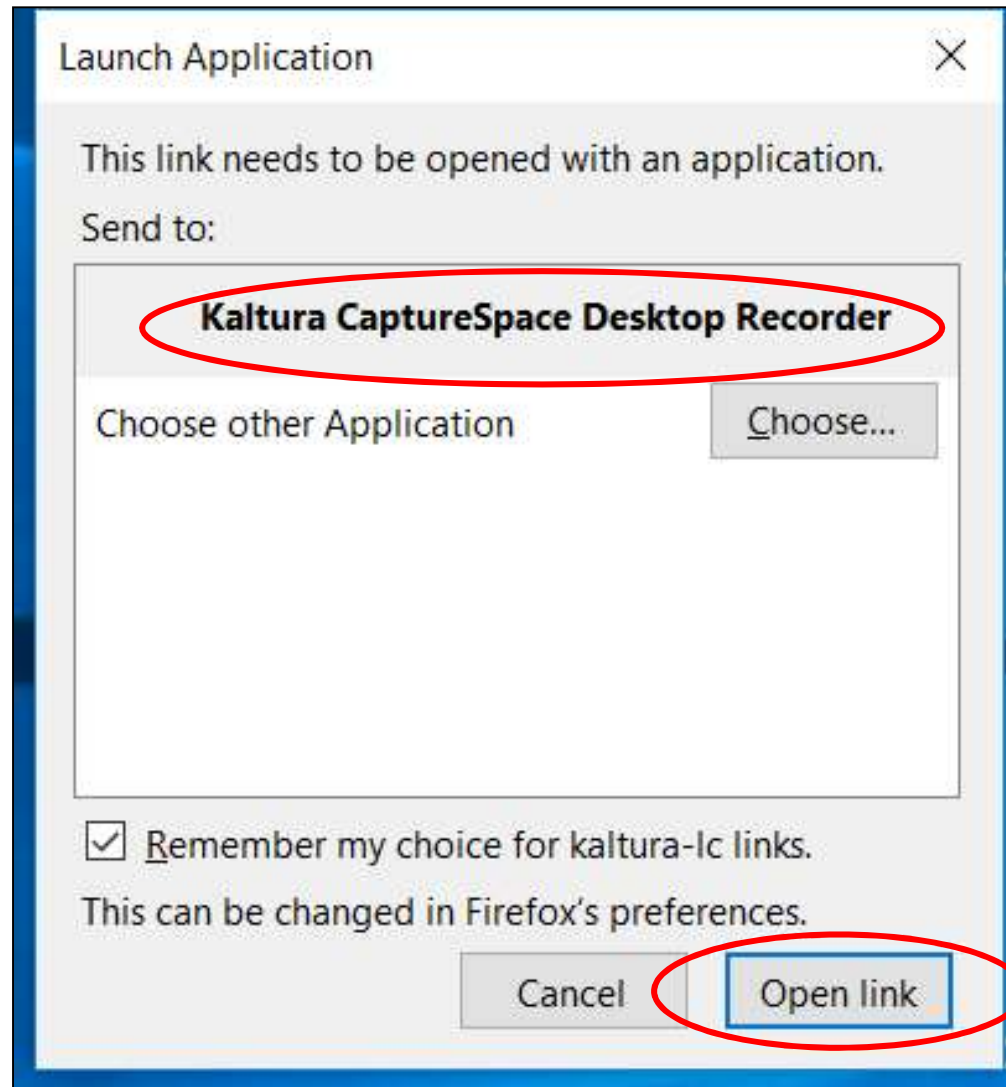

Ask to add a new recording using the Recording Tools

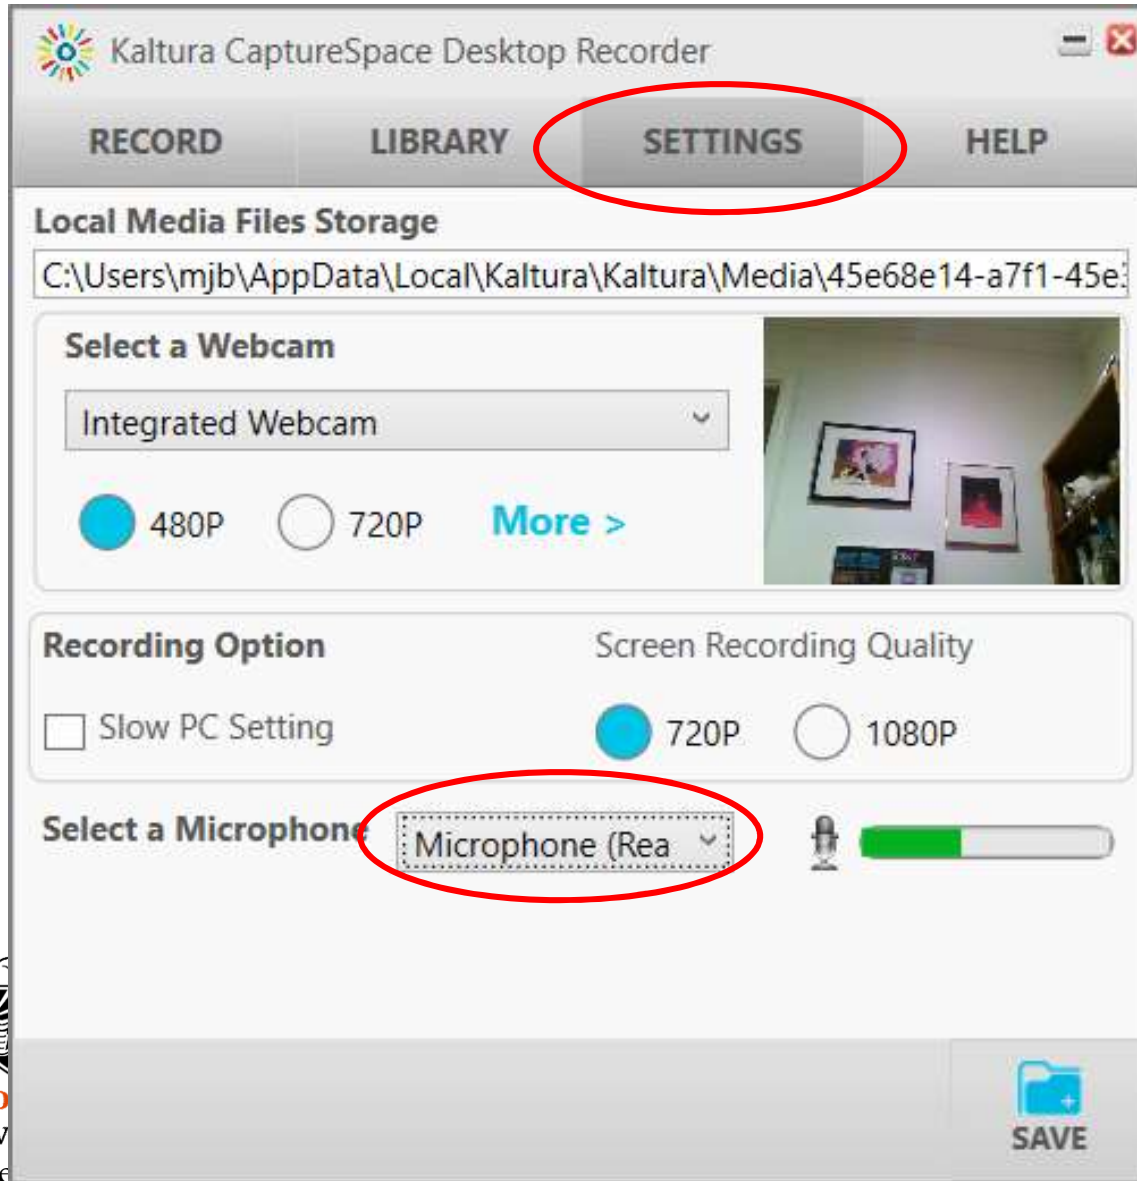

The screenshot shows a web browser window at the URL <https://media.oregonstate.edu/capturespace/launch/create>. The page header includes the OSU logo, a search bar, and a user profile for Mike Bailey. A dropdown menu is open under the 'Add New' button, with the following options: Media Upload, Webcam Recording, Recording Tools, YouTube, and Video Quiz. The 'Recording Tools' option is circled in red. Below the dropdown, there is a checkbox for 'I agree to the above terms and conditions' which is checked. The main content area is titled 'The Kaltura CaptureSpace Desktop Recorder' and includes a description: 'The Kaltura CaptureSpace Desktop Recorder enables easy capture in class, at home or on-the-go with automated publishing and interactive viewing within the LMS and Kaltura's MediaSpace video portal.' Below this are two columns: 'Download for Windows' and 'Download for Mac'. Under 'Download for Windows', the system requirements are listed: Windows 7,8,8.1 or 10 32/64 bit and .NET Framework 4.0+. Under 'Download for Mac', the system requirements are listed: OS X 10.8 and up.

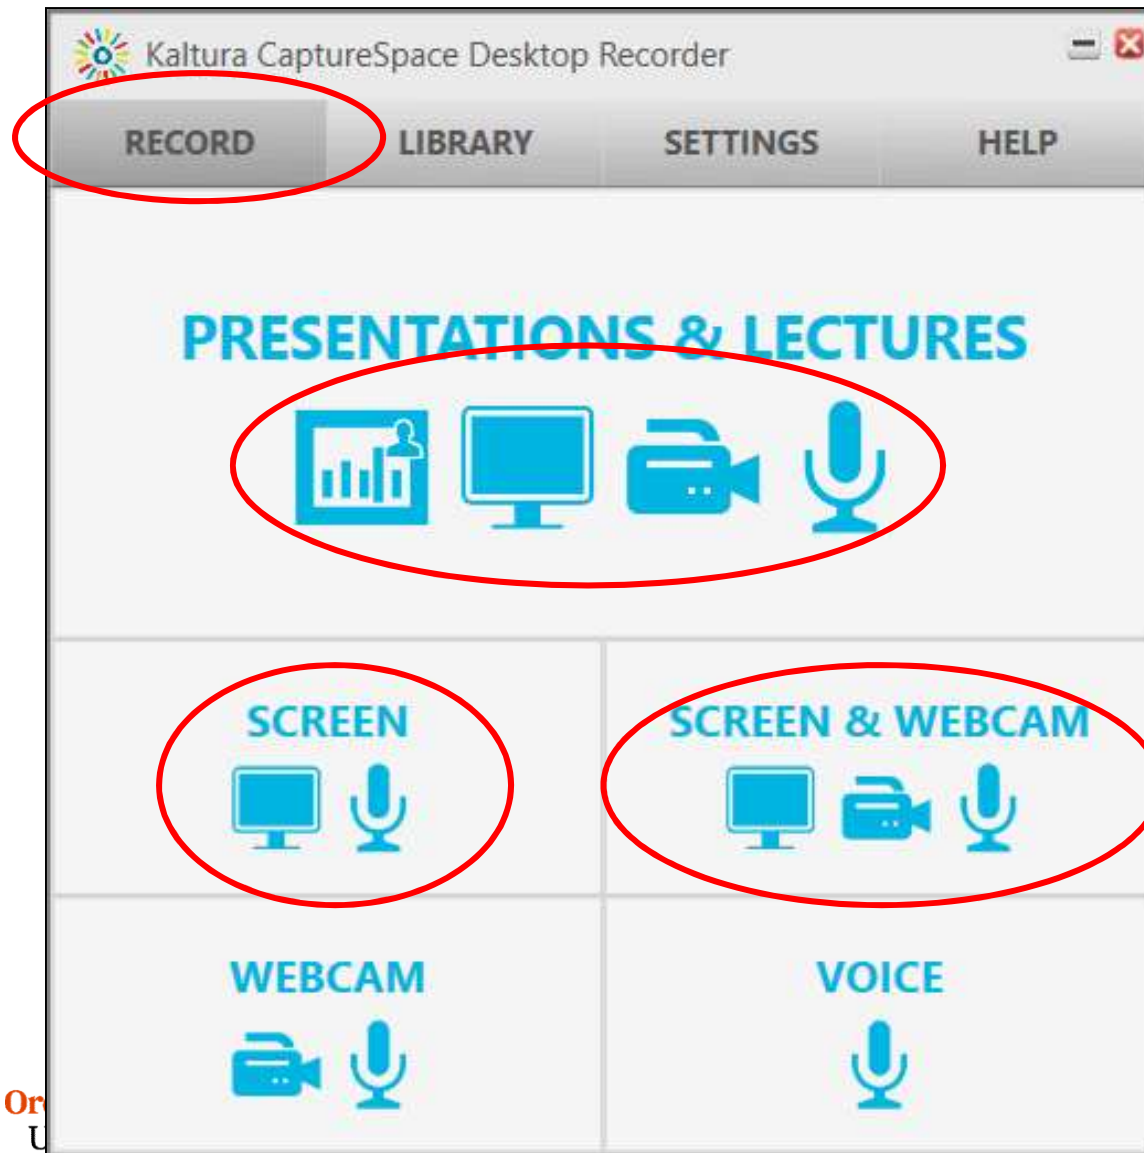

Launch the Recording Plug-in

Make sure everything is correct in the **Settings** tab

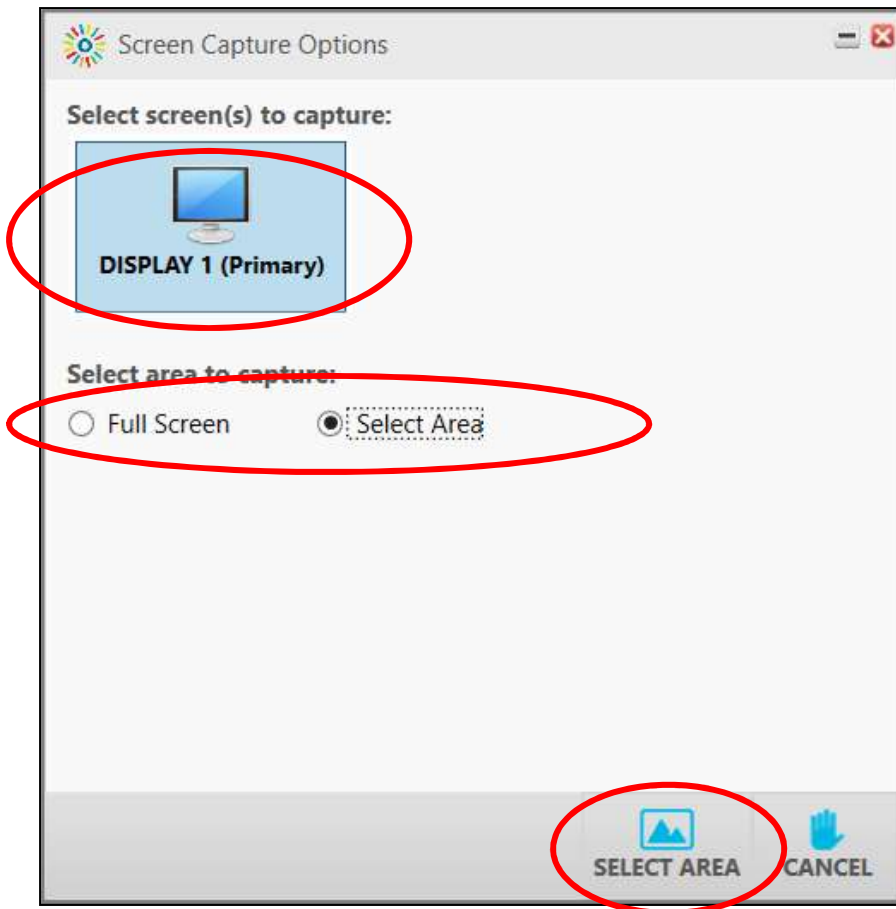

Select what you want to do in the **Record** tab

If you have a microphone, please record your voice narrating your video. I like hearing you talk about your own stuff.

If you have a webcam, feel free to include your talking-head as well.

If you pick **Full Screen**, a **Record** button will be there. Select **Record**, and a countdown will start. When it gets to zero, you are now recording.

If you pick **Select Area**, Kaltura will allow you to drag a region of the screen to record and then will launch into the countdown.

The Kaltura menus are often hidden – click here in the Task Bar to see them

Here's how to Pause, Stop, or Cancel your recording

When you stop recording, you will see this. Select **Done**.

Upload your recording

 Upload Options

Title

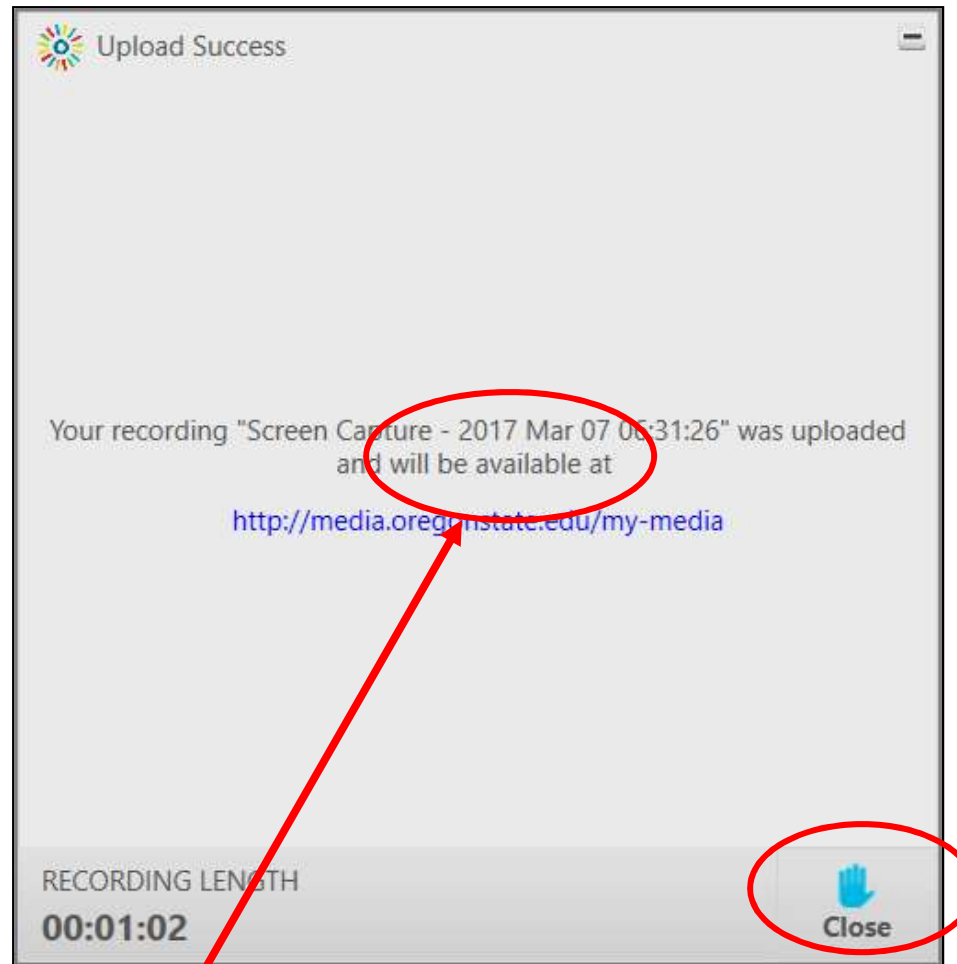

Description

Tags
(Comma separated)

RECORDING LENGTH
00:01:02

 **UPLOAD**  **PREVIEW**  **SAVE**

The uploading was successful – click **Close**

Note that it says ***will be available***. It sometimes takes a few minutes to complete the upload. I've had it take as long as 10 minutes.

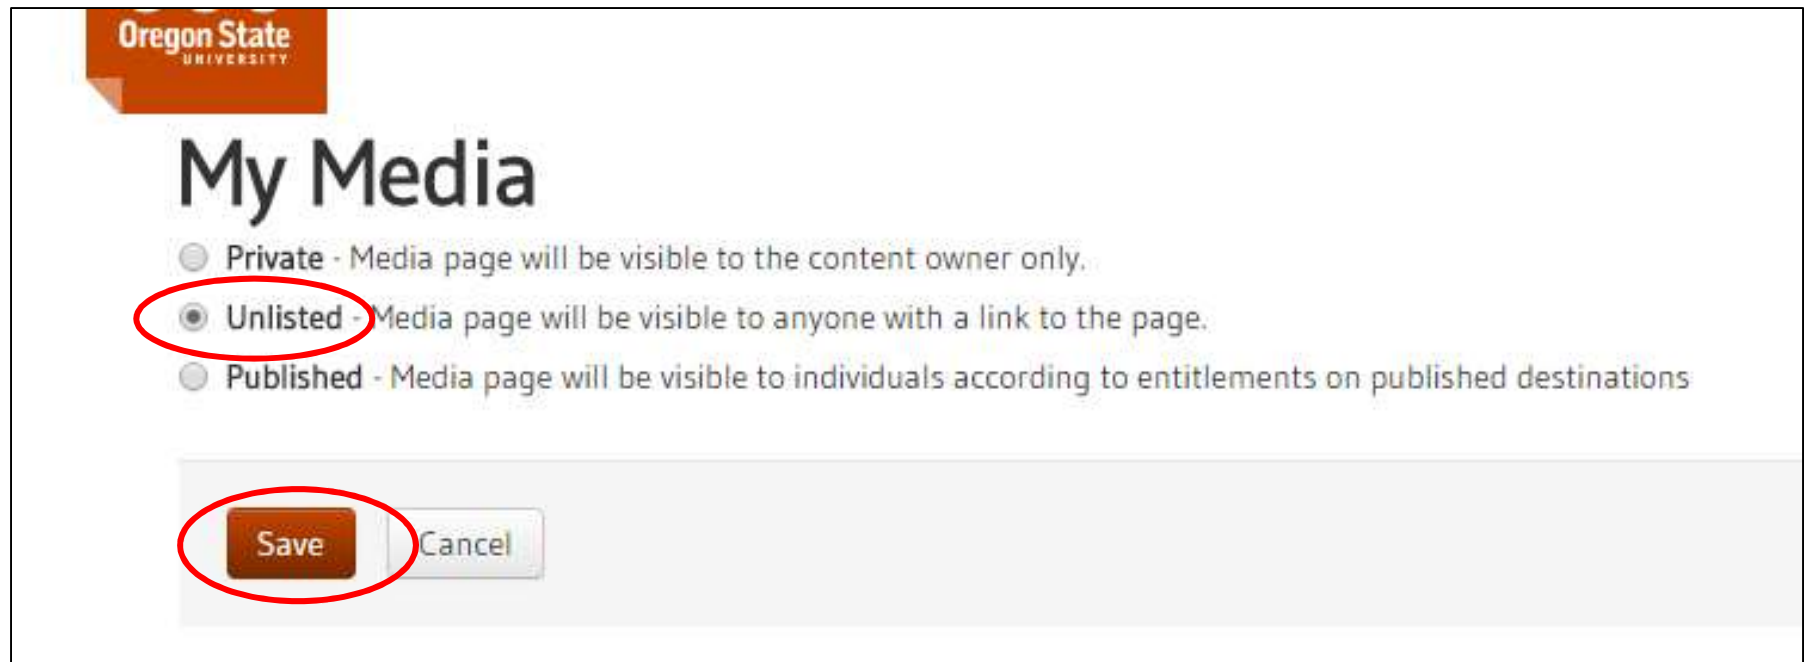

Go back and ask to look through your media

Select the recording you just made, select **Actions**, and ask to have it **Published**

The screenshot shows the 'My Media' interface. At the top, there are navigation options: 'Sort by Most Recent', 'View All Statuses', 'View All Media', 'View Media I Own', and 'View All Availabilities'. Below this is a search bar labeled 'Search My Media'. A video recording is displayed with a thumbnail showing a yellow and orange abstract image. The video title is 'Screen Capture - 2017 Mar 07 06:31:26' and the description is 'Mandelbrot set on a Teapot'. The video is marked as 'PRIVATE' and has '1' view and '13 Hours ago' timestamp. A red circle highlights the selection checkbox on the left of the video. A red arrow points from the text 'Select the recording you just made' to this checkbox. Another red arrow points from the text 'select Actions' to the 'Actions' dropdown menu, which is open and shows options: '+ Publish', '+ Add to playlist', and 'Delete'. A third red arrow points from the text 'and ask to have it Published' to the '+ Publish' option, which is also highlighted with a red circle.

Select **Unlisted**, then **Save**

Oregon State
UNIVERSITY

My Media

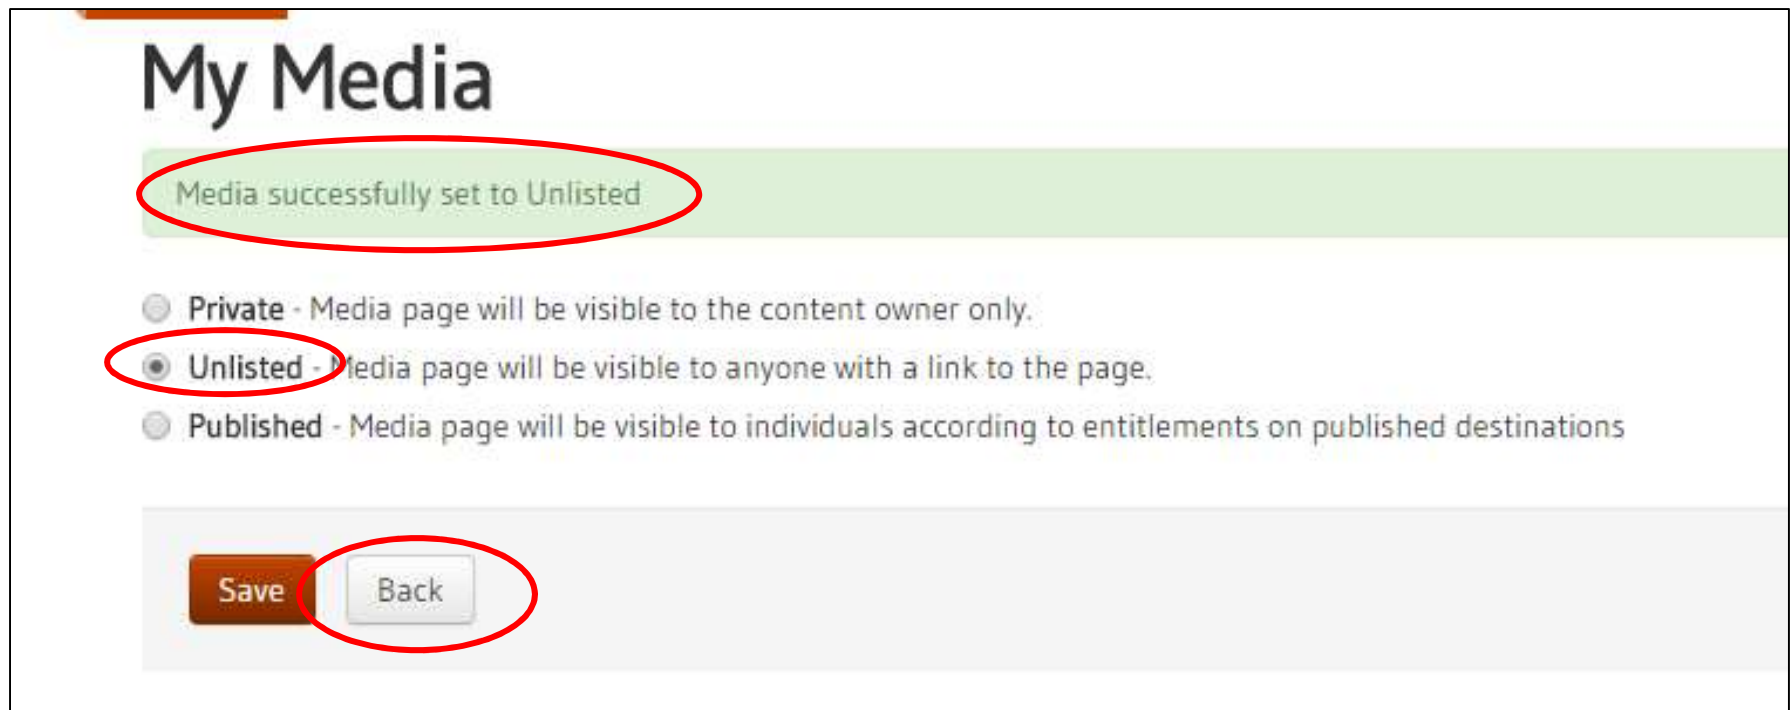

Private - Media page will be visible to the content owner only.

Unlisted - Media page will be visible to anyone with a link to the page.

Published - Media page will be visible to individuals according to entitlements on published destinations

After it's been declared **Successful**, select **Back**

My Media

Media successfully set to Unlisted

- Private - Media page will be visible to the content owner only.
- Unlisted - Media page will be visible to anyone with a link to the page.
- Published - Media page will be visible to individuals according to entitlements on published destinations

Save Back

Select the recording you just made . . .

The screenshot shows a web browser window with the URL <https://media.oregonstate.edu/my-media>. The page header includes the OSU logo, a 'Help' dropdown, a search bar for 'Search all media', and a user profile for 'Mike Bailey'. The main content area is titled 'My Media' and features a search bar for 'Search My Media'. Below the search bar are several filter options: 'Sort by Most Recent', 'View All Statuses', 'View All Media', 'View Media I Own', and 'View All Availabilities'. A list of media items is displayed, with the first item circled in red. This item is a video recording titled 'Screen Capture - 2017 Mar 07 06:31:26' with a thumbnail showing a yellow and orange abstract image. The video is labeled 'PRIVATE' and has a duration of 01:02. To the right of the video are 'Edit' and 'Delete' buttons. The video title and thumbnail are the primary focus of the red circle.

... and place this URL at the top of your report where it will be easy for me to find.

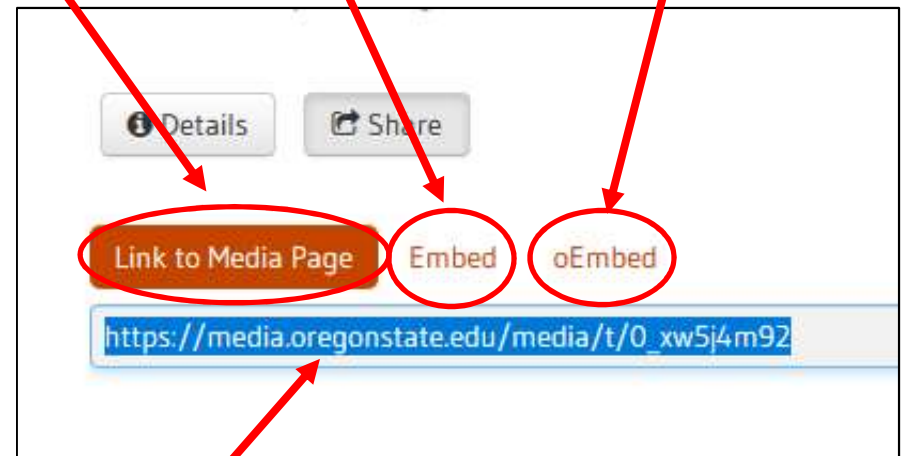

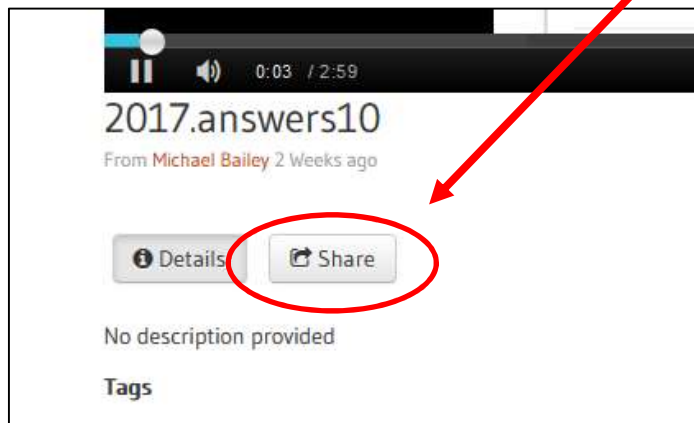

Other Things You Should Know:

- You can link and embed your video in your own web pages. Click on your video to play it.

Underneath the video, there's a "Share" button.

Clicking this button gives you options for:

"Link to Media Page", "Embed", and "oEmbed".

Copy and paste this text into your HTML

- After you leave OSU, your material stays right here on OSU's MediaSpace. Apparently we don't have any retention rules for now. However, that could always change, so you should be sure to save a copy of your best videos somewhere else.

Other Things You Should Know:

- You can download your MediaSpace video as an MP4 file by clicking the "Edit" button for the corresponding video in "My Media".

This is helpful if you want to let people download it and play it locally.

On this page, the "Edit" page, you will find a variant of the regular player, called the "Edit Player". This player has a download button on it. Pressing this button will bring up a dialog box which will let you save the video as an MP4 file.
