The syllabus says:

Each student is granted **five** Forgiveness Days, which are no-questions-asked one-day extensions which may be applied to any project, subject to the following rules:

1. No more than 2 Forgiveness Days may be applied to any one project
2. Forgiveness Days cannot be applied to tests
3. Forgiveness Days cannot be applied such that they extend a project due date past the end of Finals Week

In accordance with this class policy, I wish to expend
