EDUCATION

Oregon State University, Corvallis Oregon

September 2021 - Present

Working towards a Bachelor of Science Degree in Mechanical Engineering with an Aerospace focus.

Oregon Institute of Technology, Wilsonville Oregon

September 2019 - June 2020

Attended a smaller college in the Portland metro area. Time there was mainly focused on completing general bachelorette courses such as speech and writing, all while deciding on what specific engineering major to pursue.

McMinnville High School, McMinnville Oregon

September 2014 - June 2018

Earned a highschool diploma and took part in an engineering program called EASA during the 4 years. Program took place at the Evergreen Aviation & Space Museum, with a variety of courses such as digital electronics, physics, calculus and aerospace being taught there.

EXTRACURRICULAR ACTIVITIES

Baker Creek Community Church, McMinnville Oregon - Sound Technician

2012 - Present

Sound and video production responsibilities, working behind the scenes during service and after. Experience has resulted in sufficient understanding of soundboards, speaker systems and display/capture devices plus any software related to it.

SKILLS

Knowledgeable in a variety of CAD software such as Revit, Inventor and Siemens NX.

Excellent organization.

Excellent writer.

Hobbies

Building computers and tinkering with them.

Learning languages.
