DIVERSITY DIALOGUES

6:00 – 8:00 February 23rd,
Johnson 102

At Diversity Dialogues affinity groups such as OSTEM, NSBE, GEEO, SHPE, and more are invited to talk about their groups and help get you involved. All of these affinity groups on campus support and amplify the voices of those underrepresented in STEM fields, meaning you don’t have to fit an identity to be a part of the club, you just have to support it! Food will be provided on the way out!

Accommodations for disabilities may be made by contacting thorkilc@oregonstate.edu.
