What is Kaltura?

Kaltura is a web-based screen-recording application. OSU owns a site license to it, which means that all students and staff can use it at no cost to themselves. We will use it so that you can show off your great project without you and us having to be sitting together.

You don't need to use this video as a way to explain your report. I will read the report to get that information. Likewise, don't use the video to walk me through the code. Use this video as a way to show what it looks like when it runs. If I want to see your code, I will go look at it separately. Show off all the required features. Show off anything you have done that is extra and cool. Cool is always good!

If you have a microphone, use it! It is easier for us to figure out what your features do if you are telling us.

To finish grading each project, we will need to watch a lot of videos. Have mercy on us and keep your video short and to the point. Show us all your different program features, but once you have demonstrated a feature, move on to the next one. Do the math – *M* minutes per video times *P* people in the class, gives ...

25

Manipulate these two controls to decide how much of the screen to show versus how much of your face

This is the *Actions* pull-down menu. It is really dim.

Oregon State University Computer Graphics

mb - March 23, 2020

26

The *Actions* menu will let you see and edit the parameters of your video

Oregon State University Computer Graphics

mb - March 23, 2020

27

Uh-oh. This recording's status is *Private*. That means that nobody will be able to look at it except you.

Private

Oregon State University Computer Graphics

mb - March 23, 2020

28

The *Actions* menu to the rescue again!

Use this to set your recording status to *Unlisted*!

Oregon State University Computer Graphics

mb - March 23, 2020

Unlisted means that anyone who knows the URL of your video, which you will give them, can look at it.

Private - Media page will be visible to the content owner only.
 Unlisted - Media page will be visible to anyone with a link to the page.
 Published - Media page will be visible to individuals with entitlements on published destinations

Save Cancel

Be sure to Save! Not doing that will forget that you changed to Unlisted.

Sharing your video with others

You can link and embed your video in your own web pages. Click on your video to play it. Underneath the video, there's a *Share* button. Clicking this button gives you options for:

Link to Media Page, Embed, oEmbed, and Email.

Copy and paste this text into your HTML or Word document

https://media.oregonstate.edu/media/t/0_7e9k05j...

Start & End Time: Start at 00:00:00

After you leave OSU, your material stays right here on OSU's Media Space server. Apparently we don't have any retention rules for now. However, that could always change, so you should be sure to save a copy of your best videos somewhere else.

Downloading your video as an MP4 file

This is helpful if you want to let people download it and play it locally.

Select *Actions*, then *Edit*, then the *Download* button

Oregon State University Computer Graphics

mb - March 23, 2020

Downloading your video as an MP4

Pressing the Download button will bring up a dialog box which will let you save the video as an MP4 file.

Opening Kaltura_Capture_recording_-_March_18th_2020_5_57_01_pm.m... X

You have chosen to open:
