14:40:18 What is the format of the test? multiple choice?

Yes, multiple choice. Will look a lot like a big quiz.

14:41:58 Will questions about Project #2 be on the test?

Such questions are *eligible* to be on the test. Not sure if they will be there or not.

14:58:48 I only did it up to 1000 [NUMNODES in Project #2], is that ok or should I go higher?

That's OK. It will have long since converged by then.

14:59:36 All my volumes were similar across the board, so that means I probably did something wrong right?

Not sure what you mean by this, but the surface is so gentle that the volume converges pretty quickly as you increase NUMNODES.
