Sections to be covered

The sections are numbered according to the 8th Edition of the Pearson textbook "Using and Understanding Mathematics" by Bennett and Briggs. The assigned problems are found in the MyLab Math website. See the class schedule or MyLab Math for due dates.

HW #	Section covered
1	3A: Percentages
2	3B: Numbers in perspective
3	3C: Uncertainty
4	4A: Finance
5	4B: Compound interest
6	4C: Savings
7	4D: Loans
8	1A: Fallacies
9	1B: Truth tables
10	1C: Venn diagrams
11	1D: Analyzing arguments
12	5A: Fundamentals of Statistics
13	5B: Statistical studies
14	5C: Tables and graphs
15	5D: Media graphics
16	5E: Correlation and causality
17	6A: Characterizing data
18	6B: Measures of variation
19	6C: Normal distribution
20	6D: Statistical inference
21	7A: Fundamentals of Probability
22	7B: Combining probabilities
23	7C: Law of large numbers
24	7E: Counting and probability
