

## Sections to be covered

The sections are numbered according to the 8<sup>th</sup> Edition of the Pearson textbook "[Using and Understanding Mathematics](#)" by Bennett and Briggs. The assigned problems are found in the MyLab Math website. See the class schedule or MyLab Math for due dates.

HW #	Section covered
1	7A: Fundamentals of Probability
2	7B: Combining probabilities
3	7C: Law of large numbers
4	7E: Counting and probability
5	3A: Percentages
6	3B: Numbers in perspective
7	3C: Uncertainty
8	5A: Fundamentals of Statistics
9	5C: Tables and graphs
10	5D: Media graphics
11	5E: Correlation and causality
12	6A: Characterizing data
13	6B: Measures of variation
14	6C: Normal distribution
15	6D: Statistical inference
16	4A: Finance
17	4B: Compound interest
18	4C: Savings
19	4D: Loans
20	1A: Fallacies
21	1B: Truth tables
22	1C: Venn diagrams
